## **EXECUTIVE SUMMARY**

## St. ANN'S COLLEGE OF ENGINEERING & TECHNOLOGY CHIRALA

St. Ann's College of Engineering & Technology was established in the year 2001. It is sponsored by St. Mary Educational Society. The college is located in a sprawling area of 24 acres in Nayunipalli Village, Vetapalem Mandal, Chirala, of Prakasam district.

The college is permanently affiliated to Jawaharlal Nehru Technological University Kakinada, Kakinada. Five UG programmes (B. Tech.) viz. EEE, ME, ECE, CSE & IT were accredited during the period 2009-2012 by National Board of Accreditation (NBA), New Delhi. These programmes have also been recognized and accredited by the Institution of Engineers (India), Kolkata. Three UG programmes (B. Tech.) viz. EEE, ME, ECE were Re-Accredited by NBA during the period 2013-2015. NAAC accredited the college with 'A' grade with CGPA of 3.07/4.0 for Five years from 2011 to 2016. The college is included under sections 2(f) and 12(B) of UGC act 1956 on 15<sup>th</sup> Sept 2015. The college has applied for NBA re-accreditation of four UG programmes viz., EEE, ME, ECE and CSE with Application No. 1566 dated 23-09-2015 and was acknowledged by NBA on 01-02-2016. As on today, the college offers the following UG & PG programmes with intake mentioned against them.

S. No.	Course / Programme	Intake
<b>Under Graduate Level</b>		
1.	B. Tech. - Electronics & Communication Engineering	240
2.	B. Tech. - Computer Science & Engineering	180
3.	B. Tech. - Electrical & Electronics Engineering	120
4.	B. Tech. - Mechanical Engineering	120
5.	B. Tech. - Civil Engineering	60
<b>Post Graduate Level</b>		
1.	Master of Computer Applications (MCA)	60
2.	Master of Business Administration (MBA)	120
3.	M. Tech. - Computer Science & Engineering	24
4.	M. Tech. - Software Engineering	18
5.	M. Tech. - Digital Electronics & Communication Systems	18
6.	M. Tech. - Embedded Systems	24
7.	M. Tech. - Power Systems	24
8.	M. Tech. - Thermal Engineering	24
9.	M. Tech. - Transportation Engineering	24

There are 3317 number of students pursuing UG & PG programmes. As on date there are 239 faculty members with requisite qualifications and experience. Among them there are 12 Professors, 28 Associate Professors and 199 Assistant Professors.

According to qualifications, 14 Faculty Members are Ph.D., holders, 158 faculty members are with M. Tech., degree, 14 faculty members with M. Phil, 42 faculty members are with PG Degree and the remaining 13 are with B. Tech. degree with first class as per AICTE norms. There are 71 members of Non-Teaching staff working in the Administrative Office, Departments, Library, etc.

The curriculum design and development is done by the Affiliating University and is communicated to the college for implementation. There is no scope for academic flexibility as such. However, in the final year of the academic programmes, Elective courses are offered. Knowledge on the recent developments in various subjects is imparted through guest lectures by experts, Workshops, Conferences, Technical Symposiums, Industrial visits, e-learning classes through internet facility and digital Library. Feedback on faculty members on teaching and learning is regularly taken from the Students. Feedback on the functioning of the college is taken from Outgoing students, Parents, Alumni and Employers once in a year. Best practices include:

- ❖ Rewarding faculty members with cash incentive for publication of research papers in reputed journals.
- ❖ Development of online feedback system on teachers by students by CSE department.
- ❖ Student counseling system - one faculty counselor for every 20-24 students
- ❖ SMS to parents every day about the attendance of their wards.

The admissions are conducted by A. P. State Government for all the programmes on the basis of rank obtained in various entrance examinations conducted by the Government like EAMCET and ECET for B. Tech. programmes, ICET for MBA and MCA programmes, PGECET for M. Tech. programmes. The Management quota seats are filled by following A.P. Government rules and regulations. All the accepted and efficient methods of teaching and learning are followed. The faculty members are recruited strictly as per AICTE norms. In the selection process in addition to interview, demonstration lecture by the candidate also plays a key role. Professional development of faculty members is done by conducting faculty development programmes by NITTTR, Chennai, WIPRO Mission 10X, deputing for short term programmes, sponsoring for conferences, workshops, seminars, etc. Monetary incentives are also paid for research publications by the faculty members and also for obtaining 100% results in their subjects in the University examinations.

Research and Development by the faculty members and students is given importance. Faculty members are encouraged to pursue research for Ph.D. as well as for Journal publications and presentations in conferences. For

presenting Research papers incentive and special leaves are also offered. Efforts are made to boost Research and consultancy activity by establishing 'Center for Consultancy and Research' (CCR) in the year 2009. So far nine MOUs have been signed with local industries and organizations for Research, consultancy, Projects and Training programmes. Visits are also arranged to Research laboratories for the benefit of students and faculty members. The college undertakes community service programme regularly through its NSS wing. Infact, striving for wellbeing of local community is embedded in our mission statement also. Some of the programmes conducted include blood donation camps, eye testing camps, clean and green programmes, Road safety programmes, Swatch Bharath, HIV/AIDS awareness programmes etc.

Infrastructure and learning resources wise the college is self-reliant. As per the needs, new infrastructure is added in advance. Sufficient class rooms, laboratories, seminar halls, drawing halls, guest rooms, etc. are available as per AICTE norms. The college also has provided separate hostels for boys and girls within the campus with necessary facilities. Our college central library is having a collection of 37,206 volumes, 6,668 titles and collection of 78 Indian Journals. We have subscribed for IEEE - (ASPP) and ASME e-journals institutional package. 420 back volumes of journals are also available. CDs/DVDs on various subjects numbering 1709 are also available. In the ICT front also, the college is well equipped with 1090 computer systems and required software's and other peripherals like printers, scanners, etc. The college is well connected by inter-com telephone system, fax and e-mail. LCD projectors and overhead projectors are provided to each department for effective teaching and learning process. In addition, the college has provided central facilities like Health center, Canteen, Post office, SBI-ATM, Mineral Water facility, Sports and Games facility etc.

The college has installed electronic surveillance system through CC cameras for overall monitoring of the college activities including security.

The college has established plans and procedures for students support and progression. The fees structure is as per A.P. State Government. The college gives full support to the students in obtaining scholarships from Government and other kinds of scholarships from different agencies. The Training and Placement Cell provides opportunities for placements in reputed companies. It also arranges for training the students in soft skills as well as summer training. The Training and Placement cell is equipped with necessary facilities for conducting Group Discussions, Interviews and Pre-Placement talks. Separate Grievances and Redressal Cell for boys and girls are functioning effectively. Suggestion boxes are provided at different places in the campus. Personality development programmes, Entrepreneur awareness programmes, coaching classes for GATE and other competitive examinations are conducted regularly for career development of the students. The AP State Government

has granted Skill Development center and Startup programme to the college in the year 2015 to enable the students to acquire technical and employment skills and thereby make them future entrepreneurs.

The Governing body which consists of well qualified and experienced persons prescribes policies and directions to the college. The Principal with his team of heads of the departments and section heads administer the college considering the policies and directions given by the governing body. Teamwork approach is followed in the college. The department forms a unit with the Head of the department as its leader. The Administrative Office is managed by the Manager. The examination cell is controlled by the Chief Superintendent (Principal) along with exam cell in-charge, four assistant superintendents and other staff. Transparency is maintained in all transactions. Academic and administrative planning maintains close coordination. The teaching and non-teaching staff requirements of each department and sections are met with the right kind of human resources with right qualifications and experience who are recruited at the right time i.e. well before the commencement of the academic year. Grievances of the employees are redressed expeditiously. The Governing body meetings are conducted twice in a year.

Innovative ideas are always encouraged and implemented if they are feasible and practical. Since the college is accredited by NBA, NAAC and IE (I) quality assurance systems are already in vogue. The college established an Internal Quality Assurance Cell (IQAC) on 17-04-2012. The IQAC has contributed for quality assurance through review of various academic activities and preparing AQAR at the end of every year for sending to NAAC.

The College has plans to go for Autonomous status in the near future.

## SWOC ANALYSIS

### **Strengths:**

- ❖ Accredited consistently by NBA, NAAC and IE(I) for the last seven years
- ❖ Permanently affiliated to JNTUK, Kakinada
- ❖ Recognized by UGC Under sections 2(f) and 12 (B).
- ❖ Awarded “A” grade by A.P. state Government in the ranking of Engineering colleges in the state.
- ❖ Management commitment for offering quality technical education.
- ❖ Always maintaining over and above AICTE norms in terms of infrastructure, faculty and other parameters.
- ❖ Committed and experienced faculty.
- ❖ Almost 100% admissions every year.
- ❖ PG programmes in all branches of engineering.
- ❖ Motivational incentives for faculty research publications, 100% results, additional leaves for academic activities and career growth etc.
- ❖ Skill Development Center and Startup programmes sanctioned by Andhra Pradesh State Government have started functioning.
- ❖ Excellent academic ambience and sports and games facilities.

### **Weaknesses:**

- ❖ Lack of English communication skills among majority of students and hence less number of placements.
- ❖ College established in rural area and thereby less industrial connectivity and interaction.
- ❖ Poor participation of students in co-curricular and extra-curricular activities.
- ❖ Aptitude of the students for higher studies is poor.
- ❖ Aptitude of teachers for research and consultancy is less.
- ❖ Difficulty in attracting senior faculty in view of rural set up of the college.

### **Opportunities:**

- ❖ Possibility for securing more funds from funding agencies like, AICTE, UGC, DST etc.
- ❖ Possibility to use services of faculty to a larger extent for college development activity.
- ❖ Additional land area available for expansion of facilities and services.
- ❖ Net working with premier institutes, research labs and industries for more academic benefits.
- ❖ Establishing centers of excellence.

**Challenges:**

- ❖ Attraction of recruiting companies is becoming a real challenge to the college which is in remote rural area.
- ❖ To increase campus placements in near future.
- ❖ Preparing the majority of rural background students to face challenges of placements, higher studies and competitive examinations.
- ❖ Attrition of faculty in high demand areas to other institutes.
- ❖ Competition from deemed Universities.
- ❖ Gradual declining of quality of students due to mushroom growth of engineering colleges.
- ❖ Government initiatives for establishing private universities.
- ❖ Nation-wide overall decrease in passion for teaching among technical graduates.

## **EVALUATION REPORT (CRITERIA – WISE)**

## CRITERIA – 1: CURRICULAR ASPECTS

### 1.1 Curriculum Planning and Implementation

- 1.1.1 State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.

**VISION:** To develop St. Ann's College of Engineering & Technology into an Institution of Global standards catering to the educational needs of students and also contribute to the welfare of local Community.

**MISSION:** To impart total quality education at Under Graduate and Post Graduate levels by: Inculcating best teaching and learning practices; providing opportunities for faculty development, Consultancy, Research; striving for maximum results in the examinations; Creating avenues for industry interaction to provide training and placement opportunities; managing the institution with good governance and transparency and strive for well-being of local community.

The vision and Mission of the college are communicated to the students, faculty and non-teaching staff through display boards kept in different places of the college campus.

- 1.1.2. How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).

The curriculum is prescribed by the affiliating university. Before the beginning of academic year, the university provides academic calendar for each course and for first and second semesters. Based on the university academic calendar, various academic, co-curricular and extracurricular activities of the college are planned and implemented.

- 1.1.3. What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?

Before the beginning of the semester, the teachers will prepare lesson plans and lecture schedule for the subject(s) they are allotted based on the university academic calendar which will be verified by the HOD.

With regard to improvement of teaching practices, the University sometimes conducts FDPs in some subjects for the benefit of the teachers.

The college also conducts FDPs and seminars on improving teaching methods and also modern pedagogical tools.

- 1.1.4. Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction on the Curriculum provided by the affiliating University or other statutory agency.

The college has taken initiatives for effective curriculum delivery and improving teaching methods by conducting training programmes by NITTTR, Chennai, Wipro Mission 10X faculty training programme, JNTUK FDPs, and In-house training programmes for faculty members through the past five years.

- 1.1.5. How does the institution network and interact with beneficiaries such as industry, research bodies and the university in effective operationalization of the curriculum?

As already mentioned, the curriculum of all the courses is prescribed by the affiliating University and as such there is no scope for addition or deletion of topics in the syllabus, delivery system or evaluation system.

However, the college is striving for interaction with the industries and research bodies through expert lectures by industry experts, research scientists, seminars / workshops / conferences on emerging topics by experts.

- 1.1.6. What are the contributions of the institution and/or its staff members to the development of the curriculum by the University?(number of staff members/departments represented on the Board of Studies, student feedback, teacher feedback, stakeholder feedback provided, specific suggestions etc.

Since the institution is an affiliated one, there is no scope of contributing to curriculum design and development. However the proceedings of any seminars/ conferences / workshops related to curriculum aspects are communicated to the University. We have been forwarding the suggestions of faculty members, alumni, students and academic peers to the

### University.

- 1.1.7. Does the institution develop curriculum for any of the courses offered (other than those under the purview of the affiliating university) by it? If 'yes', give details on the process ('Needs Assessment', design, development and planning) and the courses for which the curriculum has been developed.

No, since the institution is an affiliated one, there is no scope of contributing to curriculum design and development.

- 1.1.8. How does institution analyze/ensure that the stated objectives of curriculum are achieved in the course of implementation?

The academic programmes of the college are as per the scheme of instruction and syllabi of the affiliation University namely Jawaharlal Nehru Technological University Kakinada, Kakinada and as such there is no scope for college to have its own curriculum. However, this is achieved to certain extent through some elective subjects which are offered in the final year of the programmes.

## 1.2 Academic Flexibility

- 1.2.1. Specifying the goals and objectives give details of the certificate / diploma / skill development courses etc., offered by the institution.

The college offers only Under Graduate programme (B. Tech.) and Post Graduate Programmes (M. Tech., MBA and MCA).

However, skill development training is given to the final year B. Tech. students through Skill Development Center sanctioned by A. P. State Govt.

- 1.2.2. Does the institution offer programmes that facilitate twinning / Dual degree? If 'yes', give details.

There is no possibility.

- 1.2.3. Give details on the various institutional provisions with reference to academic flexibility and how it has been helpful to students in terms of skills development, academic mobility, progression to higher studies and improved potential for employability. Issues may cover the following and beyond:

- Range of Core / Elective options offered by the University and those opted by the college
- Choice Based Credit System and range of subject options
- Courses offered in modular form
- Credit transfer and accumulation facility
- Lateral and vertical mobility within and across programmes and courses
- Enrichment courses

In every branch of Engineering core subjects are taught from I year to IV year, In IV year I semester and II semester, elective subjects are available for the students to choose.

The same facility is available for the PG students.  
Some core subjects and elective subjects are interdisciplinary in nature.

Under the present system, the branch allotment is done by EAMCET, ECET, ICET and PGECET conveners at the time of getting admissions into I B. Tech., II B. Tech. (for lateral entry), MBA & MCA and M. Tech. respectively.

There is no flexibility to pursue the programme under the University regulations. However, the college is offering training programmes for employability.

- 1.2.4. Does the institution offer self-financed programmes? If 'yes', list them and indicate how they differ from other programmes, with reference to admission, curriculum, fee structure, teacher qualification, salary etc.

No

- 1.2.5 Does the college provide additional skill oriented programmes, relevant to regional and global employment markets? If 'yes' provide details of such programme and the beneficiaries.

Skill development training is given to the final year B. Tech students through Skill development center sanctioned by A. P. State Govt.

- 1.2.6 Does the University provide for the flexibility of combining the conventional face-to-face and Distance Mode of Education for students to choose the courses/combination of their choice? If

‘yes’, how does the institution take advantage of such provision for the benefit of students?

No

### 1.3 Curriculum Enrichment

- 1.3.1 Describe the efforts made by the institution to supplement the University’s Curriculum to ensure that the academic programmes and Institution’s goals and objectives are integrated?

The college is supplementing the University curriculum through the following measures:

- Guest lectures by Academic and Industry Experts
- Workshops, seminars and conferences on emerging areas
- Technical symposiums
- E-learning
- MOOCS Programme through JNTUK

- 1.3.2 What are the efforts made by the institution to enrich and organize the curriculum to enhance the experiences of the students so as to cope with the needs of the dynamic employment market?

The following are the efforts made by the college:

- Employment training programme by reputed training organizations
- Industrial visits
- Workshops by industrial experts

- 1.3.3. Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc., into the curriculum?

In the B. Tech. University curriculum itself there are courses related to the above topics mentioned below

1. Environmental studies
2. IPR and Patents
3. Computer programming
4. C programming Laboratory
5. IT workshop

1.3.4. What are the various value-added courses/enrichment programmes offered to ensure holistic development of students?

- moral and ethical values
- employable and life skills
- better career options
- community orientation

In the B. Tech. University curriculum itself there is a course viz. Professional ethics and Human values to ensure holistic development of students

The college has University recognized NSS wing which conducts some programmes related to community development.

The college has separate Placement cell with all the facilities headed by a placement officer. The placement cell conducts various programmes on employability skills, career oriented programmes and opportunities for higher education.

1.3.5. Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?

The curriculum is enriched by the affiliating University only. The college has no role in this aspect.

1.3.6. How does the institution monitor and evaluate the quality of its enrichment programmes?

The curriculum is enriched by the affiliating University only. The college has no role in this aspect.

#### 1.4 Feedback System

1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?

Since the institution is an affiliated one, there is no scope of contributing to curriculum design and development

1.4.2 Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new

programmes?

Yes, Feedback is obtained from students and stakeholders on various parameters of the college including curriculum. Any useful suggestions are communicated to the Academic planning section of the University and the curriculum is enriched at the college level by arranging expert lectures, workshops on advanced topics for theory and laboratory courses.

- 1.4.3. How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?)

The college is not authorized to introduce any new courses/programmes as already mentioned, since it is affiliated college.

Any other relevant information regarding curricular aspects which the college would like to include.

No.

**CRITERION II: TEACHING - LEARNING AND EVALUATION****2.1 Student Enrollment and Profile**

- 2.1.1 How does the college ensure publicity and transparency in the admission process?

The following methods are used for publicity and transparency

- a. Prospectus
- b. Institutional Website
- c. Advertisement in Regional/ National Newspapers
- d. Electronic media
- e. College notice boards
- f. Hoardings at different locations in and around Chirala

The transparency is achieved by following the guidelines prescribed by the A.P State Government from time to time in the admission process.

- 2.1.2. Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.

The AP State Government conducts state level entrance tests for various courses as given below.

Course	Name of the Entrance test
B. Tech.	EAMCET
B. Tech. (Lateral Entry)	ECET
M. Tech.	GATE / PGECET
MCA/ MBA	ICET

- 2.1.3. Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating university within the city/district.

The following are the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college for the academic year 2015-16

Course	Minimum Percentage	*Maximum Percentage	Entry-level exam	*Details of student
I B. Tech.	50	97.80	Intermediate	Y. Siva Brahma Reddy (ME)
I M. Tech.	53.04	78.72	B. Tech.	P. Vijay Kumar TRE)
I MBA	50	84.00	UG (B. Tech.)	M. Tarun Kumar Reddy
I MCA	56	82.00	UG	D. Lakshmi Subha Sri

The AP State Government conducts the admissions of all the courses viz. B. Tech., M. Tech., MBA and MCA.

In the case of B. Tech. course 70% seats are filled by the government through EAMCET and 30% are filled by management on merit basis of the qualifying examination i.e. 10+2.

In the case of B. Tech. (Lateral entry scheme), 20% of the seats are filled at the second year B. Tech level.

In the case of MBA/MCA courses 70% seats are filled by the government through ICET and 30% are filled by management on merit basis of the qualifying examination i.e. 10+2+3.

In the case of M. Tech. course 70% seats are filled by the government through PGECET and 30% are filled by management on merit basis of the qualifying examination i.e. B. Tech. / B.E.

Since there is no provision for the college to conduct admissions based on the percentage of marks obtained in the qualifying examination, the question of comparison with other colleges does not arise. However, during admissions conducted by the Convener of different entrance examinations top ranking students may chose the college of their choice depending upon the reputation of the college in that region. The comparison of different colleges can be done based upon the ranks of the students admitted.

For all B. Tech., branches - A-Category (Convener Quota) students must have passed 12th Standard with a valid EAMCET rank. - B-category students must have passed 12th Standard with minimum 50% marks. For all M. Tech. branches A-Category (Convener Quota) students must have passed B. Tech. with a valid GATE/PGCET rank. B-category students must have passed 12th Standard with minimum 55% marks. For MBA / MCA, A-Category (Convener Quota) students must have passed UG Program with a valid ICET rank. B-category students must have passed UG Program with minimum 55% marks.

- 2.1.4. Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes' what is the outcome of such an effort and how has it contributed to the improvement of the process?

Yes, there is an admissions committee to review the admission process and student profiles annually during the admissions time. The outcome of the process is transparency in the admission process.

The details of the admission committee is given below

- |                          |               |
|--------------------------|---------------|
| 1. V. Ramakrishna Rao    | Secretary     |
| 2. S. Lakshmana Rao      | Correspondent |
| 3. Dr. P. Ravi Kumar     | Principal     |
| 4. Dr. P. Harini         | Member        |
| 5. Dr. K. Jagadeesh Babu | Member        |
| 6. Dr. C. Hari Kishan    | Member        |

- 2.1.5. Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion

- SC/ST
- OBC
- Women
- Differently abled
- Economically weaker sections
- Minority community
- Any other

The AP State Government has provided different concessions and provisions to encourage National commitment to diversity for the above categories of students. The following are certain provisions:

Category	Percentage
SC	15
ST	06
OBC	25
Women	33
Differently abled	03

Accordingly, the college has to follow the AP State Government guidelines in this regard during the admission process.

- 2.1.6. Provide the following details for various programmes offered by the institution during the last four years and comment on the trends. i.e., reasons for increase / decrease and actions initiated for improvement.

Programmes	Number of applications	Number of students admitted	Demand Ratio
UG			
PG			
M. Phil.			
Ph. D.			
Integrated P.G. Ph. D.			
Value added			
Certificate			
Diploma			
PG Diploma			
Any other			

The AP State Government conducts the admissions of all the courses viz. B. Tech., M. Tech., MBA and MCA.

In the case of B. Tech course 70% seats are filled by the government through EAMCET and 30% are filled by management on merit basis of the qualifying examination i.e.

10+2.

In the case of B. Tech. (Lateral entry scheme), 20% of the seats are filled at the second year B. Tech level.

In the case of MBA/MCA courses 70% seats are filled by the government through ICET and 30% are filled by management on merit basis of the qualifying examination i.e. 10+2+3.

In the case of M. Tech. course 70% seats are filled by the government through PGECET and 30% are filled by management on merit basis of the qualifying examination i.e. B. Tech./B.E.

In all the courses 30% of the seats are filled by the Management on merit basis of qualifying examination following A. P. State Government guidelines.

The details of management quota admissions for the last four years are furnished below in the prescribed table.

Programmes	Number of applications	Number of students admitted	Demand Ratio
2012-13			
B. Tech.	180	172	0.955
M. Tech.	23	23	1.00
MBA	18	16	0.888
MCA	18	1	0.055
2013-14			
B. Tech.	216	119	0.550
M. Tech.	31	31	1.00
MBA	18	18	1.00
MCA	18	5	0.277
2014-15			
B. Tech.	216	174	0.805
M. Tech.	38	37	0.973
MBA	36	36	1.00
MCA	18	17	0.944
2015-16			
B. Tech.	216	174	0.805

M. Tech.	45	39	0.866
MBA	36	33	0.916
MCA	18	13	0.722

It is observed from the table that only in the case of MCA course the demand ratio is less compare to other courses in two years viz. 2012-13 and 2013-14. The demand ratio for M.Tech., and MBA courses are good in all the four years followed by the B.Tech., course.

The college is making sincere efforts to improve admissions in all the courses through publicity and conducting model Common Entrance Examinations in the case of B. Tech. course every year.

However, during admissions conducted by the Convener of different entrance examinations top ranking students may choose the college of their choice depending upon the reputation of the college in that region.

In view of the above explanation the data on admissions made against approved intake for both convenor quota and management quota for the last four years for U.G and P.G courses is mentioned below.

Course		2012-13		2013-14		2014-15		2015-16

## 2.2 Catering to Student Diversity

- 2.2.1. How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?

The college is catering to the needs of differently abled students by providing ramps and also toilets specifically for this purpose.

- 2.2.2. Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

The admissions are conducted through various entrance examinations mentioned under Question 2.1.2 and the students are allotted to the college by the respective convener of the entrance examination. Hence, it is not possible to assess the students' needs in terms of knowledge and skills before the commencement of the programme.

However, at the departmental level certain efforts are made in this direction.

For example,

For MBA students, bridge courses are conducted in Basics of Mathematics and Basics of Accountancy.

For B. Tech. students, bridge course is conducted in English Language Communication Skills.

- 2.2.3. What are the strategies adopted by the institution to bridge the knowledge gap of the enrolled students (Bridge/Remedial/Add-on/Enrichment Courses, etc.) to enable them to cope with the programme of their choice?

At the departmental level certain efforts are made in this direction.

For example,

For MBA students, bridge courses are conducted in Basics of Mathematics and Basics of Accountancy for B.Com. Students and B. Sc. students respectively.

For B. Tech. students, bridge course is conducted in English Language Communication Skills for students who have undergone 10+2 in Telugu medium.

- 2.2.4. How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?

Since the college is of Co-education type since its inception, the staff and students are well aware of all the above issues and as such no problems are faced by the college in this connection.

2.2.5. How does the institution identify and respond to special educational/learning needs of advanced learners?

The advanced learners are identified based on their performance in the midterm examinations and also during interaction with teachers in the class room and laboratories. They are guided properly by the teachers and head of the department for their career opportunities, higher education etc. They are encouraged to take up challenging tasks, projects and deliver seminars on advanced topics etc.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc. who may discontinue their studies if some sort of support is not provided)?

The head of the department collects the attendance particulars of the students at the end of every month and display them on the notice board. The students who are having poor attendance are counseled to improve their attendance. In some extreme cases, the parents of the student are also summoned to the college for counseling and guidance.

Similarly, after the first midterm examinations, the marks of the students are displayed on the notice board. The students who have performed poorly in the examinations are counseled to improve their performance.

In our college the dropout rate is negligible.

## 2.3 Teaching-Learning Process

2.3.1. How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)

- Academic calendar as given by the University is distributed to teachers and students.

- Teachers will prepare class notes, teaching schedule and lesson plan of their subjects well in advance and maintain course file.
- Evaluation of midterm examinations is done as per University guide lines.
- Evaluation of end term examinations is done by the University.

2.3.2. How does IQAC contribute to improve the teaching –learning process?

IQAC is the nodal agency of the institution for quality related activities which includes the teaching – learning process. During the IQAC review meetings the performance of teachers and students is evaluated. The performance of the teachers is evaluated with the help of feedback from the students and the results in their subjects. The performance of the students is known from the results of the examinations, placements and admission into reputed institutions for higher studies.

2.3.3. How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

Teaching learning process is student centric. The Institution presently follows the following methods mentioned below.

Teaching - Learning methods:

- Lecture method
- Interactive method
- E-learning classes
- Demonstration in labs (learning through experiment's)
- Seminars
- Project work (final years)
- Field visits / industrial visits
- MOOCS (Massive Online Open Course) of JNTUK
- Expert lecturers by industry executives and academicians.

In addition personality development programmes, soft skills training programmes, group discussions, debates, seminars etc., are conducted to bring out the talent of students. By this, they will improve human relation skills, leadership skills and

Management skills. Students are also motivated for self-learning through the use of library, internet etc.

- 2.3.4. How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?

The college regularly arranges expert lecturers by industry executives and academicians, conducts Workshops/ seminars, Technical symposium. The students are also deputed to other colleges for participation in various technical and cultural events. All this will improve critical thinking, creative skills and scientific temper to transform them into life-long learners and innovators.

- 2.3.5. What are the technologies and facilities available and used by the faculty for effective teaching? Eg.: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

The college is implementing Virtual laboratories programme conducted by JNTUK and the students are reaping the benefit of NPTEL video lecture programmes in addition to MOOCS (Massive Online Open Course) of JNTUK

- 2.3.6. How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

The student and faculty are exposed to advanced level of knowledge and skills by following the methods given below.

- Latest text books
- National and International Journals
- Technical magazines
- Internet
- Expert lectures by academicians and industry executives
- Participation in seminars / workshops
- Visits to Industries / Research labs etc.
- Digital Library, (e-journals)

- 2.3.7 Detail (process and the number of students \benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advise) provided to students?

Professional counselor could not be employed in spite of best efforts. However in every department there is one faculty counselor for every 24 students. The faculty counselor councils the students periodically on academic and personal matters and give them guidance on career and higher studies etc. Records are maintained for the same.

- 2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

In addition to class room teaching the teachers resort to various innovative teaching approaches/methods like PowerPoint presentations, Demonstration method in the laboratories, seminars by the students, technical paper presentations, publication of research papers in journals, virtual laboratories, MOOCS of JNTUK ,Mini project work exhibition by students etc.

- 2.3.9. How are library resources used to augment the teaching-learning process?

The college has provided central library and department libraries to augment the teaching- learning process. Both these libraries are used by faculty members and students. Digital library is available in the central library. The department libraries are kept open during specific timings of the students based on the timetable. Some important text books useful for the students are kept in the department libraries.

The central library is kept open from 8.40 am up to 8.00 pm for the benefit of hostel students.

- 2.3.10. Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

Normally, completing the curriculum within the planned time frame and calendar takes place. Some times when the working days are lost due to natural calamities, agitations or other disturbances, Second Saturdays and Sundays are made us working days. Summer vacation is also curtailed as per the requirement. In certain cases additional period i.e. 3.20 p.m. to 4.20 p.m. is added to the time table to make up for the lost time.

The University also reschedules the academic calendars of different courses and informs the colleges for follow up action in such above cases.

**2.3.11. How does the institute monitor and evaluate the quality of teaching learning?**

The college monitors the quality of teaching and learning by periodically reviewing the student's feedback on teachers, performance in the slip tests, assignments, midterm examinations, etc.

The quality of teaching and learning is evaluated with the help of student's feedback on teachers and the results in the subjects in respect of the teachers. The results in the examinations, placements and admission in to reputed institutions for higher studies become indices of quality of teaching and learning in respect of students.

Class Room

Laboratory

**2.4. Teacher Quality**

- 2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum

Advertisement is issued in the leading newspaper for recruitment of faculty members well in advanced depending up on the vacancy positions. The faculty members are selected as per AICTE norms. The faculty members are given certain benefits mentioned bellow in addition to pay scales, allowances, and leaves etc. as part of retention strategies.

- Paid marriage leaves of ten days.
- Incentive for publication of research papers in reputed journals and presentation of research papers in conferences
- Deputation to workshops and seminars on emerging topics.
- Five days paid academic leave and five days paid special casual leave

2.4.2 How does the institution cope with the growing demand/ scarcity of qualified senior faculty to teach new programmes/ modern areas (emerging areas) of study being introduced (Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.

It is true that there is severe scarcity of qualified senior faculty in all the engineering colleges. In spite of best efforts of the college we are not getting qualified senior faculty. One of the

reasons is the location of the college in rural area. The college is able to retain some qualified senior faculty members by extending additional monetary benefits

- 2.4.3. Providing details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

a) Nomination to staff development programmes

Academic Staff Development Programmes	Number of faculty nominated
Refresher courses	
HRD programmes	
Orientation programmes	
Staff training conducted by the university	
Staff training conducted by other institutions	
Summer / winter schools, workshops, etc.	

The college encourages the faculty members to attend faculty development programmes conducted by different organizations including JNTUK. Some programmes are also conducted within the college for improved teaching and learning

The details are furnished in the tables below.

- Incentive for publication of research papers in reputed journals and presentation of research papers in conferences
- Deputation to workshops and seminars on emerging topics.
- Five days paid academic leave and five days paid special casual leave.
- Study leave for Pursing Ph.D.

2.4.5. Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.

Dr. P. Harini, and Dr. K. Jagadeesh Babu were facilitated with best teacher award in August 2012 by JNTUK.

Dr. P. Harini, CSE – HOD

Dr. K. Jagadeesh Babu, ECE- HOD

Mr. A. Srinivasara Rao, Physical Director was facilitated with best P.D award in August 2012 by JNTUK.

The college has been encouraging faculty members for their contribution to teaching and learning, research publications, student co-curricular and extra-curricular activities in the departments. They are also given freedom to take-up innovative activities in the department for the development of students.

2.4.6. Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

The college has been using evaluation of teachers by the students since long time with the help of the structured questionnaire. At present the feedback process is made online.

The evaluation of teachers by external Peers is not done.

## 2.5. Evaluation Process and Reforms

- 2.5.1. How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

The evaluation methods are communicated to the students through notices, college website and handbook of academic regulations communicated by the University. The students can also go through the JNTUK website: [www.jntuk.edu.in](http://www.jntuk.edu.in) for information on the evaluation processes.

- 2.5.2. What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

The University changed B. Tech., M. Tech., M.B.A, and M.C.A. regulations in 2013, with minor changes in the evaluation compared to the previous regulations of 2010 and 2009.

The college is not authorized to initiate any reforms since it is an affiliated college. It is informed that the institution has to adopt whatever the reforms the University has directed.

- 2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

Since the college is the affiliated it has to make sure that the evaluation reforms of the University are to be effectively implemented without any deviations.

The college is not authorized to initiate any reforms since it is an affiliated college.

- 2.5.4 Provide details on the formative and summative assessment approaches adapted to measure student achievement. Cite a few examples which have positively impacted the system.

The student achievement is measured from first year to fourth year with the help of percentage of marks obtained in each semester. The other measures are participation and success in co-curricular and extra-curricular activities, delivering seminars, organizing departmental events etc. Placement in a leading company or obtaining admission in a reputed institution

is also a measure of student's achievement.

A few examples are mentioned below:

Roll No.	Name	Achievement
08F01A04C0	Y. Mary Asha Latha	Got Ph. D. admission in IIT Roorke in 2016
09F01A0447	Jonh Jonnalumudi	Secured All India 81 <sup>st</sup> rank in IES exam 2015
11F01A0433	Ch. Abijith Vaibhav	Placed in Tech-Mahindra in 2015

- 2.5.5. Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weight ages assigned for the overall development of students (weight age for behavioral aspects, independent learning, communication skills etc.

Under the present academic regulations of B. Tech. of JNTUK, internal assessment is done as follows.

For theory subjects, during the semester there shall be 2 tests. The weightage of Internal marks for 30 consists of Descriptive – 15, Assignment – 05 (Theory, Design, Analysis, Simulation, Algorithms, drawing, etc. as the case may be) Objective – 10 (Conducted at College level with 20 Multiple choice questions with a weight age of ½ Mark each).

The answer scripts of Descriptive examination as well as evaluated assignments are shown to the students to maintain transparency. As such there is no specific measure for behavioral aspects, independent learning of the students under present regulations.

- 2.5.6. What are the graduates attributes specified by the college/affiliating university? How does the college ensure the attainment of these by the students?

The affiliating University has mentioned ABET learning objectives in the 2013 regulations. For certain subjects Course learning objectives and Course outcomes are mentioned.

The college has applied for NBA Accreditation under Outcome Based Education format in September 2015. Since then OBE is being followed in the college.

The graduate attributes mentioned by the NBA are being followed.

The college ensures the attainment of these by the students with reference to the placement, percentage of marks obtained, higher education and performance in co-curricular and extra-curricular activities conducted in other colleges.

- 2.5.7. What are the mechanisms for Redressal of grievances with reference to evaluation both at the college and University level?

In our college, we have separate Grievances and Redressal cells for boys and girls.

For boys, the convener of Grievances and Redressal cell is Mr. T. Sasi Vardhan, Assistant Professor, CSE department. For girls, the convener of Grievances and Redressal cell is Ms. R. Radha Kumari, Associate Professor, ECE department.

The students can also contact the University authorities in case they have any grievances for Redressal in the case of evaluation and other examination related matters. The college authorities take initiative in the follow-up of any grievances and solution for it put forth by the students.

## **2.6. Student performance and Learning Outcomes**

- 2.6.1. Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

Yes, the affiliating University in 2013 regulations for B. Tech. programme has mentioned learning objectives (Course objectives) and learning outcomes (course outcomes) for each subject.

The awareness about the learning objectives and learning outcomes was created by the HOD's in the departments. The awareness about the learning objectives and learning outcomes was created for faculty members through seminars conducted on Outcome Based Education.

- 2.6.2. Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students

results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.

The performance of the students is monitored based on results in midterm examinations, practical examinations and in the end semester examinations. The results will be displayed in the departmental notice boards and also progress reports will be sent to parents at the end of every semester.

The student's results for the last four years are given below.

The results of Mechanical are less compared to other branches due to poor EAMCET rank students taking admission in that branch. Better ranked students opt for admission in ECE, CSE, EEE and CIVIL branches and therefore their results are relatively better.

<b>Student Results</b>

- 2.6.3. How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

The teaching and learning is evaluated as follows:

- ❖ Well before beginning of the semester the teachers have to

prepare lesson plans and lecture schedules as per the academic calendar prescribed by the University.

- ❖ The lesson plans and lecture schedules along with the student attendance register are monitored every week by the head of the department.
- ❖ The student's feedback on teachers is taken during first midterm examination and is analyzed.
- ❖ The teachers with poor feedback are counseled by the HOD and principal for further improvement.
- ❖ The teachers evaluate the regular assignments, slip tests, and midterm examinations. The answer papers are shown to the students for any corrections in marks or other deviations.
- ❖ At the end of the semester the University conducts examinations, evaluates examinations and publish results.

2.6.4. What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.) of the courses offered?

- ❖ The college established separate Training and Placement cell with all the facilities headed by Training and Placement officer. This cell conducts recruitment drives every year
- ❖ Government of Andhra Pradesh sanctioned Skill Development Center in the Year 2014-2015 to encourage entrepreneurship activity among professional students
- ❖ The college also encourages innovative activity among the students by conducting mini project exhibitions and also research activity. Good numbers of students have published technical and research papers in reputed journals and technical magazines.

2.6.5. How does the institution collect and analyze data on student performance and learning outcomes and use it for planning and overcoming barriers of learning?

- ❖ The head of the department collects and analyze attendance particulars at the end of every month and display them on the notice board. The student with poor attendance is counseled by the Faculty counselor and HOD for improvement in attendance.
- ❖ The students' marks of the midterm examinations are displayed on the notice boards and analyzed by HOD along with faculty counselors.

- ❖ The students who scored low marks are counseled by the HOD and the faculty counselor for improvement.
- ❖ In the case of students with very poor performance, their parents are summoned to the college for discussion and to suggest measures for improving attendance and academic performance of their ward.
- ❖ The students Feedback on various parameters of the college is collected and analyzed at the end of the course. If any good suggestions are received from the above information, the college will implement the same for betterment.

2.6.6. How does the institution monitor and ensure the achievement of learning outcomes?

The learning outcomes are measured from the semester results published by the University. The department conducts result analysis so that performance of students in each subject in the class is known. The overall performance of the students in the department in each year and semester is reviewed in the results review meeting and suitable measures are taken wherever the students' performance is poor.

2.6.7. Does the institution and individual teachers use assessment/evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples. Any other relevant information regarding Teaching-Learning and Evaluation which the college would like to include.

Yes, institution and individual teachers use assessment/evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning because of the following reasons:

- In any course of study, the performance (results) in the examination is direct indication of student achievement. In this process the role of the teacher (teaching) and the role of the student (learning) are involved. Therefore, the evaluation outcome is an indicator for evaluating student performance.

**CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION****3.1. Promotion of Research**

- 3.1.1. Does the institution have recognized research center/ of the affiliating University or any other agency/organization?

The college does not have recognized research center/ of the affiliating University or any other agency/organization

- 3.1.2. Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

Yes, the college has a research committee (CCR-Center For Consultancy and Research) to monitor and address the issues of research. Its composition is given bellow. Its main role is to evaluate research publications of faculty members and recommend incentive.

Research Committee (CCR):

Dr. P. Harini, Professor & HOD, CSE - Convener

Dr. K. Jagadeesh Babu, Professor & HOD, ECE- Member

Dr. M. Vasu Babu, Assistant Professor, H&S -Member

A few recommendations made by the committee:

Name & Department	Research Publication	Incentive Amount
Dr. K. Jagadeesh Babu, ECE	A novel UWD sheet angular slot disk Monopole antenna with band notch characteristic, Microwave and Optical Technology letters, Wiley, Volume.57, Issue10, October-2015.	Rs.1000/-
Smt. W. Shafiah, H&S	Women' voices privileges across the globe, International Journal of English Language, Issue – III May – 2015.	Rs.500/-
Mr. S. V. D. Anil Kumar, EEE	Reduction of Harmonic Pollution in I EEE 30 Bus system using multispectral coding, IJEIC, Vol : 126 No – 4, Nov – 2014.	Rs.1000/-

- 3.1.3. What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?

- Autonomy to the principal investigator
- Timely availability or release of resources
- adequate infrastructure and human resource
- time-off, reduced teaching load, special leave etc. to teachers
- support in terms of technology and information needs
- facilitate timely auditing and submission of utilization certificate to the funding authorities
- any other

The following measures are taken in the college to facilitate smooth progress and implementation of research schemes/projects:

- The project coordinator is given autonomy to conduct research/complete the project.
- The resources provided by the funding agency are made available in time
- The infrastructure and human resources are also provided.
- Reduced teaching load and special leave is also provided.
- The faculty members are provided cash incentive for sanction of projects
- Necessary facilities like computer, printing, clerical assistance is also provided.

3.1.4. What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

- The college regularly conducts seminars, workshops, and National and International conferences involving students also.
- The students are encouraged to publish research papers in journals
- In the curriculum, there is provision for project works in different courses as shown below. In the projects works the student are encouraged to take up novel and innovative project works which will instill scientific temper and research culture among the students.

3.1.5. Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.

The following tables give the details of faculty members pursuing Ph. D. in different Universities.

- 3.1.7. Provide details of prioritized research areas and the expertise available with the institution.

Dr. P. Harini, Professor and HOD of CSE dept.is actively involved in research work prioritizing in the area of “Distributed and Mobile Computing.”

The department of ECE is actively involved in research work prioritizing in the following areas:

“*The Design of Micro Strip Antennas*” under the expertise of Dr. K. Jagadeesh Babu, Professor and HOD.

“Satelite Communication and Sensors” Under the expertise of Dr. A. Murali Varaprasad, Professor, (former Scientist, DRDO, Hyderabad).

The department of M.B.A is actively involved in research work prioritizing in the following areas.

Dr. R. Emmanuel, Prof. and HOD – Handloom sector in Andhra Pradesh.

Dr. S. Chand Basha, Professor - Insurance Sector.

Dr. M. Vasu Babu, Assistant Professor, Physics, H&S department is actively involved in research work prioritizing in Bio-Physics, Bio-materials.

- 3.1.8. Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

The college conducts workshops, seminars, and National and International conferences regularly. For conducting such events researchers of eminence, academicians, and industry executives are invited to act as resource persons and for chairing the technical sessions and to interact with teachers and students. Dr. Adnan Ibrahim. S. Al Rabea, Associate Professor, Albalqa Applied University, Jordan, was the chairperson of International Conference on Software Engineering conducted by CSE department on 10<sup>th</sup> Oct. 2014.

- 3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

No faculty member has utilized Sabbatical Leave for research activities so far.

- 3.1.10. Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings research of the institution and elsewhere to students and community (lab to land)

The faculty members who are doing research and publishing research papers usually share the findings of the research with the students in the class room. They also encouraged students to involve in publication of research papers. A good number of research papers were published by B. Tech. Students with the guidance of the teachers.

### 3.2 Resource Mobilization for Research

- 3.2.1. What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

The following table gives the details of major heads of expenditure related to research activity and the amount spent in the last three years and percentage of total expenditure.

Actual expenditure on research (in Rs. Lakhs)

Heading	2014-15	2013-14	2012-13

- 3.2.2. Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?

Yes, there is provision to provide seed money to the faculty for research. But so far no faculty member has requested for seed money.

- 3.2.3. What are the financial provisions made available to support student research projects by students?

The amount spent for student projects for the last three years is given below.

<b>2014-15</b>	<b>2013-14</b>	<b>2012-13</b>
4.78	0.63	5.55

- 3.2.4. How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.

So far there are no instances of inter - disciplinary research under taken in the college.

- 3.2.5. How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

The laboratory equipment, library, computer and internet facilities are provided for staff and students for maximum utility for teaching, learning and research purposes.

The staff and students have to take written permission of HOD for utilizing laboratory equipment beyond working hours and during holidays.

The library, computer and internet facilities are provided

beyond working hours i.e. up to 8p.m during working days.

- 3.6.7. Reflecting on objectives and expected outcomes of the extension activities organized by the institution, comment on how they complement students' academic learning experience and specify the values and skills inculcated.

The following points illustrate the learning experience, values and skills inculcated among the students by participating in community service and extension activities:

Community activity is part of 'civic responsibility'. It's about doing things in our community because we want to or feel we should, rather than because we have to by law.

Getting involved in local community activities or volunteering can boost students' confidence and self-esteem and help them build new skills.

Role model: By getting involved with community activities, students can come into contact with like-minded peers and positive adult role models other than their parents. Interacting and cooperating with other adults encourages teenagers to see the world in different ways. It puts their own family experiences and values into a wider context.

Identity and connection: Being involved in community activities can give student a positive way of understanding who he/she is. As a result, he/she might come to see herself as helpful, generous, and political or just a 'good' person in general. Being involved in community activities can also help create a sense of being connected to his/her local community and the wider world.

Skills: Community activities give students the chance to apply the skills they already have. For example, a student could use the cooking skills he's learned at home at a community service programme.

Self-confidence, mental health and wellbeing  
Community activities can boost students' self-confidence. The student can learn to deal with challenges, communicate with different people and build up his life skills and abilities in a supportive environment. This is also good for the students' self-esteem.

### 6.3 Faculty Empowerment Strategies

6.3.1 What are the efforts made by the institution to enhance the professional development of its teaching and non-teaching staff?

- ❖ Faculty development programmes are conducted regularly for their professional development
- ❖ The details of Faculty development programmes of different departments are given for the last four years in the section 2.4.3
- ❖ Incentives are paid for Research publications in peer reviewed journals and for presentation of Research papers in conferences / seminars

- ❖ Incentives are also paid for obtaining 100% pass in their subject
- ❖ Sponsoring for conferences, seminars, workshops, etc. with T.A, D.A., and registration fee.

6.3.2. What are the strategies adopted by the institution for faculty empowerment through training, retraining and motivating the employees for the roles and responsibility they perform?

The college empowers the faculty by conducting various training programmes on teaching methods, research methodology, advanced topics regularly.

The details of training programmes conducted for faculty by different departments are given for the last four years in the section 2.4.3

6.3.3. Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.

The college uses the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better performance rating. The format of the self-appraisal system is given below:

6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?

The performance appraisal report is used to review the performance of the faculty member in an academic year in terms of various parameters like: Subjects handled, examination results, research activity, student's feedback, workshops seminars attended/organized, project works, leave details, achievements. This report is evaluated by HOD and principal.

This information is used as an important criterion for sanction of increments, promotions etc.

- 6.3.5 What are the welfare schemes available for teaching and non-teaching staff? What percentage of staff have availed the benefit of such schemes in the last four years?

The following some of the welfare schemes available for teaching and non-teaching staff:

- ❖ Group insurance for all the staff
- ❖ Subsidized canteens (Two)
- ❖ Ten paid marriage leaves
- ❖ Free transport for non-teaching staff
- ❖ Subsidized transport for teaching staff
- ❖ Free medical facility
- ❖ Provident fund for non-teaching staff.

Majority of staff have availed the benefit of such schemes in the last four years.

Given below are the names of teaching staff members who availed ten days of marriage leave recently.

1. E. Balaji, Assistant Professor, EEE
2. D. Jyothi Swarup, Assistant Professor, CE
3. C. Anjaneyulu, Assistant Professor, H&S

- 6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?

The measures taken by the college for attracting and retaining eminent faculty:

- ❖ Salary as per AICTE norms. Exceptionally qualified, experienced and meritorious candidates are paid higher salary
- ❖ Incentives for publications and projects
- ❖ Sponsoring for higher education
- ❖ Deputation for conferences, workshops etc.
- ❖ Liberal promotional policy
- ❖ Free Medical facility
- ❖ Group insurance
- ❖ Subsidized transport for teaching staff.
- ❖ Ten days paid academic and special casual leave.
- ❖ Ten days paid marriage leave.

#### **6.4 Financial Management and Resource Mobilization**

- 6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

The college is having administrative office having staff in accounts and cash sections along with other sections. The office is headed by administrative manager. The secretary and correspondent along with the administrative manager and principal monitor effective and efficient use of available financial resources

- 6.4.2 What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.

Every year internal and external auditing is under taken by the college. The last audit was done for the year 2014-15. There were no audit objections. The external auditors are: K. V. Subba Rao & Co, Chartered Accountant, Guntur.

- 6.4.3 What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.

The major sources of institutional receipts/funding are by the tuition fee reimbursement by A.P State Government (Convener quota) and tuition fees paid by students (Management quota). The deficit is managed through bank loans.

The audited income and expenditure statements of the previous four years and reserve fund details are enclosed in the Annexure - E

- 6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).

The college is making sincere efforts in securing additional funding through AICTE, UGC schemes. The major funds received in the previous years are given below:

- Mechanical Engineering Department  
AICTE- IIPC Scheme – 2008-09 - Rs.8.00 Lakhs  
File No: 8020/RID/IIPC/(11)/2008-09, dated 11-02-2009.

## 6.5 Internal Quality Assurance System (IQAS)

### 6.5.1 Internal Quality Assurance Cell (IQAC)

- a. Has the Institution established an Internal Quality Assurance Cell (IQAC)? If 'yes', what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance process?

Yes, the college established an Internal Quality Assurance Cell (IQAC) on 17-04-2012.

The college gives maximum priority for Quality Assurance in Technical education. To certify for the same, the college programmes got accreditations twice by NBA and application for re-accreditation again has been accepted by NBA (application No.1566 dated 23-09-2015)

The college got Institution of Engineers Permanent Accreditation for all the programmes on 25-10-2010 and Institutional accreditation by NAAC with 'A' grade with CGPA of 3.07/4 for 5 years on 16-09-2011.

The IQAC has contributed for quality assurance through review of various academic activities and preparing AQAR at the end of every year for sending to NAAC.

- b. How many decisions of the IQAC have been approved by the management / authorities for implementation and how many of them were actually implemented?

The details regarding decisions of the IQAC that have been approved by the management / authorities for implementation for the last two years are given below:

Date of IQAC Meeting	Decisions Approved by Management
16-06-2014	The management approved reconstitution of IQAC as per the new format given in the NAAC website, and inclusion of new members.

	The management approved the facilities required for new courses/increase in intakes proposed.
06-06-2013	<p>The management approved the decision to apply to U.G.C for inclusion of the college under sections 2(f) and 12(B) to U.G.C, New Delhi through the affiliating University.</p> <p>The management approved the decision to apply for Re-Accreditation of NBA.</p>

- c. Does the IQAC have external members on its committee?  
If so, mention any significant contribution made by them.

Yes, in the year 2012, there is one external member by name Dr. V. V. Nageswara Rao, Desaipet, Vetapalem (m). He gave some useful suggestions in teaching and learning, community service, sports and games etc.

In the year 2014, the IQAC was reconstituted as per NAAC guidelines. The external member in this committee is Mr. A. Mallikarjuna Rao, Parent, Kothapeta, Vetapalem (m). He gave some useful suggestions on infrastructure, power supply, etc.

- d. How do students and alumni contribute to the effective functioning of the IQAC?

The students and alumni contribute to the effective functioning of the IQAC by offering suggestions on teaching, learning, placements, sports and games, etc. The alumni have contributed by helping to arrange expert lecturers by industry executives and placements.

- e. How does the IQAC communicate and engage staff from different constituents of the institution?

The IQAC gives information about the meetings to the staff members well in advance and request them to provide data on different constituents of the institution for review and taking decisions.

- 6.5.2 Does the institution have an integrated framework for Quality assurance of the academic and administrative activities? If 'yes', give details on its operationalization.

Yes, the college has an integrated framework for Quality assurance of the academic and administrative activities in the following ways.

- ❖ The framework (Organization chart) of the college is given under section 6.2.3
- ❖ The principal along with the HODs and section heads and office takes academic and administrative decisions on various matters of the college.

Regular meetings are conducted by the principal and HODs for reviewing academic activities, examinations and results, student matters, placements etc. and decisions are taken for best outcomes.

- 6.5.3 Does the institution provide training to its staff for effective implementation of the Quality assurance procedures? If 'yes', give details enumerating its impact.

Yes, the college provides training to its staff for effective implementation of the Quality assurance procedures.

The college has conducted training programmes for teaching staff by NITTTR, Chennai, and WIPRO Mission 10 X.

Some sample programmes conducted by NITTTR are:

- Instructional Design and Delivery system.
- Guidance and Counseling.
- Student evaluation.

Some non-teaching staff is given training through Skill Up gradation programmes on certain new topics

- 6.5.4 Does the institution undertake Academic Audit or other external review of the academic provisions? If 'yes', how are the outcomes used to improve the institutional activities?

Yes, the college undertakes academic audit at the end of every academic year mainly concentrating on examination related matters of each department.

In addition, auditing (Stock verification) is done at the end of every academic year in the central library, laboratories, computing facilities, furniture, sports and games, etc.

Any deviations are investigated and appropriate measures are taken to prevent re-occurrence.

- 6.5.5 How are the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?

The internal quality assurance measures are taken in the college as per the guide lines of the affiliating university. Since the college is accredited already by three different agencies/regulatory authorities viz. NBA, IE(I), NAAC, the college has been tuned to align its quality assurance measures with that of the regulatory bodies.

- 6.5.6 What institutional mechanisms are in place to continuously review the teaching learning process? Give details of its structure, methodologies of operations and outcome?

The college monitors the quality of teaching and learning by periodically reviewing the student's feedback on teachers, student's performance in the slip tests, assignments, midterm examinations, etc.

The results of the examinations, placements and admission in to reputed institutions for higher studies in respect of students also reflects the effectiveness of teaching and learning. The format of students' feedback on teachers is given below:

6.5.7 How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?

The HODs conduct meetings with student groups to communicate quality assurance matters like academic calendar, examination schedules, time tables, examination results, placement training, laboratory schedules, etc.

The teachers also communicate with the students about various academic activities in the class room.

Meetings with external stakeholders like parents and alumni are

also conducted once in a year, to communicate with them the progress and developments and seek their suggestions for improvement.

Any other relevant information regarding Governance Leadership and Management which the college would like to include.

## CRITERIA VII: INNOVATIONS AND BEST PRACTICES

### 7.1. Environment Consciousness

- 7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

The college is having an excellent environmental friendly campus with lot of green coverage (trees, plants, and lawns). Water for the garden is conserved through sprinklers and drip system

- 7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

- Energy conservation
- Use of renewable energy
- Water harvesting
- Check dam construction
- Efforts for Carbon neutrality
- Plantation
- Hazardous waste management
- e-waste management

The college is taking following initiatives to make the campus eco-friendly:

Use of renewable energy:

Solar energy is used for solar fencing and solar water heater in the lady's hostel.

Water harvesting:

Water for the garden is conserved through sprinklers and drip system.

Plantation:

A good garden with lot of trees and plants is maintained in the campus

### 7.2. Innovations

- 7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

- ❖ Rewarding faculty members with cash incentive for publication of research papers in reputed journals.
- ❖ Development of online feedback system on teachers by students by CSE department.
- ❖ Student counseling system (one faculty counselor for every 20-24 students)
- ❖ SMS to parents every day about the attendance of their wards.

### 7.3. Best Practices

7.3.1 Elaborate on any two best practices **in the given format at page no. 98**, which have contributed to the achievement of the Institutional Objectives and / or contributed to the Quality improvement of the core activities of the college.

- Mini Projects exhibition by ECE, CSE and EEE departments every year

**Title of the Practice:** Conducting Mini Projects exhibition by ECE, CSE and EEE departments every year

**Goal:** To motivate the III year ECE, CSE and EEE students to develop working models of devices and app development and other software applications having practical applications.

**The Context:** The ECE, CSE and EEE students shall undergo, training in theoretical and laboratory courses in all the basic and core courses up to III year. Using this knowledge, they are supposed to develop a novel working model and application development which has practical application or satisfy a human need. The concept, design and construction and software have to be done by the student independently.

**The Practice:** Every year during III year II semester, notification is issued for the conduct of Mini Projects exhibition by the HOD. Faculty advisors are nominated. The students form into batches of 3 to 4 students and come up with a concept or idea which is discussed with faculty advisor and get approval. In the stipulated time, they have to complete the model and application development and give demonstration before the model and application development is selected for exhibition. The Exhibits are

evaluated by a committee nominated by HOD for choosing best three exhibits. The First, Second and Third best projects are awarded merit certificates and prizes on a significant day.

**Evidence of Success:** This practice has gained popularity among the students and they are participating with lot of enthusiasm. This event gives them opportunity to put into practice the knowledge they acquired and give them confidence to take new projects/assignments in their career in research organization and industries. With the confidence gained, some of the students in their final year are able to publish research papers in international journals and conferences under the guidance of faculty members.

**Problems Encountered and Resources Required:** This concept was implemented ten years back and so far no problems were encountered. The resources required like space, components, systems, power supply etc. are freely made available to the students. A separate cell was established exclusively for this purpose.

- Online feedback system of faculty members by students

#### **Title of the Practice**

Online feedback system of faculty members by students on teaching and learning process.

#### **Goal**

To replace the existing system of taking manual feedback from students about the faculty members on teaching

learning process by online feedback system developed by CSE department.

### **The Context**

The manual system of taking students feedback on faculty members on teaching and learning process was consuming lot of time and other resources like stationery in huge quantity. After collecting the data, analysis and computations of individual scores of faculty members was also consuming the precious time of two or three faculty members. In order to save time and resources, the CSE department studied the manual system and developed online feedback system which was tested and implemented five years back. The software system developed undergoes periodic updates.

### **The Practice**

During the first mid-term examination, the HOD initiates action for taking online feedback data on one of the days of examinations, i.e. when JNTUK quiz test (online) is going on. One faculty member is nominated by HOD for this purpose. The faculty member collects the online data, takes printouts and consolidate them as per the faculty members, subjects and laboratories. The information is passed on to the HOD and Principal for review and counseling the faculty members for improvements.

### **Evidence of Success**

The online feedback system has been in practice for the last five years and saved huge amount of time and stationery for the college.

### **Problems Encountered and Resources Required**

No problems were encountered in this best practice. The resources required are the computer lab and networking which is already available in the college.

## Post Accreditation Initiatives

### Introduction and Journey to Quality Assurance

The College was established in the academic year 2001-02. The college to prove its quality in Technical Education applied for permanent affiliation to J.N.T. University, Hyderabad in 2007 and achieved the status for three years from 2007-08 to 2010-11. The college is now permanently affiliated to JNTUK, Kakinada.

The college to quench its thirst for quality and to prove the same applied for NBA accreditation in 2009. The NBA granted accreditation for five UG programmes in engineering viz. EEE, ME, ECE, CSE and IT for three years. Institution of Engineers (IE), Kolkata is the nation's premier body in Engineering and Technology. The college with a view to establish authentication of its quality practices in Technical education activities applied to IE(I) for recognition and accreditation in 2010. The expert team of IE(I), satisfied with all the parameters of technical education followed in the college granted the status of permanent recognition and accreditation. The graduates of the college become eligible to get membership of prestigious IE(I), and other benefits as engineers.

### More Milestones of Quality Sustenance and Practices

As part of quality sustenance efforts, the college applied for institutional accreditation and assessment by NAAC in 2011. The NAAC peer team visited the college in August 2011, satisfied with the practices and other norms, granted 'A' grade with CGPA of 3.07/4 for five years on 16<sup>th</sup> September 2011. On expiry of NBA accreditation for five UG Programmes in 2012, the college has again applied for re accreditation. The expert team visited the college in July 2013 and subsequently granted provisional accreditation for 3 UG programmes viz. EEE, ME, ECE for 2 years.

In the meanwhile, the college continued to get grant of permanent affiliation from affiliating university JNTUK,

Kakinada for the periods of 2011-12 to 2013-14 and 2014-15 to 2016-17. Once again, on the expiry of NBA accreditation, application for reaccreditation has been sent to NBA on 23-09-2015 which is under process. UGC recognized the college and included it under sections 2(f) and 12(B) of UGC Act 1956. The college has applied to UGC for eight different schemes to get more resources to enhance the quality education and extend the benefits to the student community. Another recognition for quality practices followed in the college is the award of 'A' grade by A.P State Government in the ranking of Engineering colleges in the state of A.P in the year 2015. The state government established skill development center and start up programme in the year 2015 to turn out technical graduates in to future entrepreneurs.

### **Establishment of IQAC and its activities**

As per the directions and guidelines of NAAC, the college took initiative in establishing Internal Quality Assurance Cell (IQAC) on 27<sup>th</sup> December 2011 and conducted internal academic audit (Circular dated 27/12/2011). After achieving NAAC accreditation on 16/09/2011 and receiving the certificate in the award ceremony in Bangalore, the college reconstituted the IQAC cell on 17/04/2012 and informed the NAAC about the same.

For the academic year 2012-13, IQACell conducted the academic audit from 17/04/2012 to 30/06/2013 and sent the AQAR as per the given format to NAAC on 23/09/2013. The NAAC revised the IQA Cell Constitution guidelines in 2014. Accordingly, IQAC was reconstituted and the information was sent to NAAC on 20/05/2014.

The IQAC conducted academic audit, reviewed the progress from 01/07/2013 to 30/06/2014 and sent the details in AQAR to NAAC on 27/10/2014. IQAC as a part of quality verification process conducted educational audit of all the activities of the college during the period 01/07/2014 to 30/06/2015 and submitted AQAR in the revised format online in the website to NAAC on 10/10/2015 and received acknowledgement on 12/10/2015.

### EVALUATIVE REPORT OF THE DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

1. Name of the Department : Electrical & Electronics Engineering
2. Year of establishment : 2002
3. Names of Programmes/Courses offered (UG, PG, M. Phil., Ph.D., Integrated Masters; Integrated Ph.D., etc.)

UG – (B. Tech. in Electrical & Electronics Engineering)

PG – (M. Tech. in Power systems)

4. Names of Interdisciplinary courses and departments / units involved:

Nil

5. Annual/ semester/choice based credit system (Programme wise)

**Tours Organized** Industrial training: All III- EEE, II-SEM Students in 2011-12 they went to different organizations to do their mini projects

33. Teaching methods adopted to improve student learning.

- ❖ Black board teaching.
- ❖ Regular discussions.
- ❖ Tutorials.
- ❖ Group discussions.
- ❖ Homework assignments.
- ❖ Presentations and seminars.
- ❖ LCD Projectors.
- ❖ Over Head Projectors.
- ❖ Lab demonstrations.
- ❖ Presentation with Charts

34. Highlight the participation of students and faculty in extension activities.

35. SWOC analysis of the department and Future Plans

**Strengths:**

- ❖ Qualified, Experienced and Committed Faculty.
- ❖ The department was accredited twice by National Board of Accreditation, AICTE,
- ❖ Accredited by NAAC with “A” grade, Institution of Engineers(I) & Recognized by
- ❖ UGC u/s 2(f) & 12(B) of UGC Act 1956
- ❖ The department has 06 Laboratories, all facilitated with state-of-the-art equipment.
- ❖ Exclusive computer centre with latest software packages made available for the students to carry out projects and for the faculty to carry out their research work

**Weaknesses:**

- ❖ Short of necessary industrial exposure to the students and faculty.
- ❖ Unable to extend consultancy services.
- ❖ Rural area back ground students with Telugu Medium

**Opportunities:**

- ❖ Eligible to fetch grants from public sector agencies as the

Department is Accredited.

- ❖ Availability of access to e-Journals, Video courses and Lab facilities.
- ❖ Potential to pursue Doctoral and Post-Doctoral research for the faculty.
- ❖ To conduct National and International conferences in the thrust areas of Electrical & Electrical Engineering.

**Challenges:**

- ❖ Motivation of students from rural back ground towards academics and soft skills.
- ❖ Consultancy activities development.
- ❖ R&D Projects from public sector agencies.
- ❖ 100 % Campus placements.

**Future plans of the department.**

- ❖ To develop department as a centre of excellence in the areas of Power systems and
- ❖ Power Electronics & drives.
- ❖ To offer courses in collaboration with foreign Universities and Industries.
- ❖ To conduct National & International conferences in thrust areas of Electrical & Electrical Engineering.
- ❖ To improve number of papers published in reputed Journals.

## 33. Teaching methods adopted to improve student learning:

- ❖ Assignments
- ❖ E-learning
- ❖ Guest Lecture from Industry Experts
- ❖ Slip Tests
- ❖ Tutorials

- ❖ Mini Project Competitions
- ❖ Technical Symposia
- ❖ Industrial Visits
- ❖ Laboratory Demos

34. Participation in Institutional Social Responsibility (ISR) and Extension activities

The Students of the department are the Members of NSS cell who actively participate in Social activities such as

- ❖ Swachha Bharat
- ❖ Blood donation
- ❖ Awareness campaign on AIDS
- ❖ Environmental Pollution
- ❖ Power saving
- ❖ Water utilization.
- ❖ Clean and Green

35. SWOC analysis of the department and Future plans

**Strengths:**

- ❖ The Department was accredited twice by NBA. Registered for accreditation (third time)
- ❖ The Department was accredited by NAAC with 'A' grade
- ❖ The Department was accredited permanently by Institute of Engineers(India)
- ❖ Permanent affiliation by JNTUK Kakinada
- ❖ Department has a blend of youth and experienced faculty with academic and
- ❖ Industrial experience
- ❖ Labs are well equipped with state of the art equipment
- ❖ Good central and Departmental Libraries
- ❖ ASME online Journals are available

**Weaknesses:**

- ❖ Number of Ph. D holders are less, however, A few of the M. Tech. Qualified Faculty members are pursuing PhD Part time in different universities. Expecting a good no. of PhD within a couple years
- ❖ Communication Skill is Poor as most of the students are from rural background
- ❖ As the college is located in a rural area it becomes difficulty at attract better faculty

**Opportunities:**

- ❖ Upgrading M. Tech. qualified faculty to Ph.D.
- ❖ Book Publication
- ❖ Faculty Motivation Programmes
- ❖ Research paper Publication
- ❖ Promoting leadership qualities and entrepreneurial opportunities
- ❖ Increase of high quality research publications
- ❖ Continuous up gradation of knowledge
- ❖ Innovation in teaching – learning process
- ❖ Research infrastructure in the emerging areas

**Challenges:**

- ❖ Improving student's skills in interdisciplinary areas
- ❖ Students with diverse background
- ❖ Continuous improvement in teaching learning process
- ❖ Communication Skill is Poor as most of the students are from rural background
- ❖ As the college is located in a rural area it becomes difficulty at attract better faculty

33. Teaching methods adopted to improve student learning:

Laboratory Demonstration, MOOCS, E-Learning methods, Awareness on New Technologies, Group Discussions, Seminars, Lecture, Chalk and Black Board, LCD Projector.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities –

- ❖ The students of the department are the members of 'Nenu Saitham' team actively involved in social services.
- ❖ The students of the department are participated in NSS activities.

**NSS Activities:**

S. No.	Year	Activities Conducted
1	2011-2012	15

35. SWOC analysis of the department and Future plans

**Strengths:**

- ❖ The real strength of the department lies in its qualified, dedicated and motivated faculty. The department has a treasure of qualified faculty with right blend of industry expertise and academic experience.
- ❖ The Department has a commendable student – faculty ratio.
- ❖ Excellent research facilities
- ❖ Good laboratory infrastructure with state of art hardware and software tools.
- ❖ The Alumni of the department are offering substantial support and encouragement to their alma maters.
- ❖ Employment opportunities to for students are provided through on-campus and off-campus placements.

**Weakness:**

- ❖ Lack of interest among graduating engineers for pursuing either research programmes or teaching careers.
- ❖ The maximum numbers of students are from the rural background.
- ❖ While there are islands of excellence in the subjects, there are rather few in number to impart.

**Opportunities:**

- ❖ Industry standard tools (Cadence, Xilinx, Mentor Graphics etc.) are available for technology – advanced learning for widening the reach and improving the effectiveness of the department.
- ❖ Department can strive to receive grants for research/ consulting project from bodies like UGC, AICTE and IDST.
- ❖ Very effective interaction with reputed resource persons and their availability helps the department for guidance and expert lectures.
- ❖ A highly encouraging Management that promotes initiatives in research and career development adds quality to the opportunity given to the department.
- ❖ The department is equipped with contemporary laboratory equipment's required for the excellent growth of students.

**Challenges:**

- ❖ Constant changes to technology- electronics and communication

technology is changing fast so the department has to update itself continuously.

- ❖ Lack of availability of job opportunities in the core sector.
- ❖ To deepen the knowledge and skills of the students on the basic concepts, theories and practical that will equip them in their professional work involving analysis, systems implementation, operation and maintenance of the various applications in the field of Electronics and Communications Engineering.

**Future plans:**

- ❖ To establish Modern VLSI Lab
- ❖ To convert all class rooms into SMART CLASS

### EVALUATIVE REPORT OF THE DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

1. Name of the department: Computer Science & Engineering
2. Year of Establishment: 2001
3. Names of Programmes / Courses offered (UG, PG, M. Phil., Ph.D., Integrated Masters; Integrated Ph.D., etc.)  
UG - B. Tech. & PG- M. Tech (CSE), M. Tech (SE)
4. Names of Interdisciplinary courses and the departments/units involved:

Audio-visual presentation for theory and practical classes
- ❖ Mini projects
  - ❖ Research oriented final year projects and Research paper publication in Conference/seminars/journals
  - ❖ Invited guest lectures are regularly arranged
  - ❖ Arrangement of Seminars & workshops to students
  - ❖ Remedial classes for slow learners
  - ❖ Industrial visits are arranged
  - ❖ Providing lectures on topics beyond syllabus
  - ❖ Group Discussion
  - ❖ Assignments
  - ❖ Web Based Learning
  - ❖ Massive Open Online Courses (MOOCs)
  - ❖ Tutorial classes are conducted for enhanced learning.
  - ❖ Doubt clearing session for weaker students by individual faculty member.
  - ❖ Subject wise lecture notes are provided by the faculty member.
  - ❖ Students are encouraged to use COEERD, NPTEL resources for various subjects.
  - ❖ In plant training
  - ❖ Back board based teaching
  - ❖ presentations and hands-on teaching
  - ❖ Demonstration through charts, PPT
  - ❖ Learning through National, International Journals and Technical Magazines
34. Participation in Institutional Social Responsibility (ISR) and Extension activities

The Department promote Institutional Social Responsibility through institution - neighborhood-community network and student engagement, contributing to good citizenship, service orientation and holistic development of students

The department is committed to social responsibility, by carrying out its mission

1. The department aims at providing an atmosphere of holistic development of students thereby transforming them into responsible citizens by transferring moral values.
2. It aims at pursuing excellence towards creating students with high degree of intellectual, professional and cultural development to meet the national and global challenges.
3. The department is conscious of its role in campus community connection, wellbeing of its neighborhood and has initiated a number of community development activities. These activities include:
  - ❖ Involving in NSS Camps
  - ❖ Involving students in Blood Donation Camps
  - ❖ Involvement in Missionaries of Charity by donating clothes and financial aids
  - ❖ Participation in inter and intra-college symposiums – Programming contest, paper presentations, project presentations etc.
  - ❖ Participation in student welfare activities
  - ❖ Helping students in association and club activities
  - ❖ Acquiring memberships in different societies like CSI.
  - ❖ Tree planting.
  - ❖ Cleaning of grounds and labs.
  - ❖ Poster exhibition on social issues.
  - ❖ Group Discussion on social evils
  - ❖ PEAC (personality, entertainment, attitude and communication) Club

### 35. SWOC analysis of the department and Future plans

#### **Strength:**

- ❖ The Department of CSE got NBA accredited in the year 2009.
- ❖ Affiliated by NAAC with 'A'
- ❖ Permanently Accredited by IE(I)
- ❖ Experienced, dedicated and highly qualified Teaching Staff.
- ❖ All faculty members are full-time staff.
- ❖ Retention of the faculty members is very high.
- ❖ All Computer Systems are either Dual Core or Core2 Duo.
- ❖ Departmental participation in Interdepartmental activities
- ❖ Students participation in Intercollegiate competitions
- ❖ Student counseling is done in regular basis. For every 20 students one faculty member is allotted as counselor to guide them in all aspects

- ❖ Class in charge mechanism is followed to improve students' efficiency,
- ❖ Strong Team Work in the Department
- ❖ Special Coaching: Technical, soft skill, HR skill
- ❖ Innovative Project Works by students
- ❖ Online Mock Test and Interview: Aptitude and Technical
- ❖ Telephonic message to the Parents about the student's progression.
- ❖ Eco – friendly and amicable working atmosphere.
- ❖ Excellent Infrastructure and Lab facilities.
- ❖ 6 faculty members are enrolled for Ph. D.
- ❖ Constant encouragement given for faculty members in pursuing research leading to Ph.
- ❖ College library as well as departmental library facility is available for faculty Members and students.
- ❖ Very Good result and placement.
- ❖ Good and spontaneous assistance from non-teaching staff
- ❖ Organizing seminars, guest lectures and conferences
- ❖ Different Cultural programs, Quiz, Debate, paper and poster presentation is organized in the department in regular basis.
- ❖ Academically Weak students are motivated through counseling, guidance and tutoring by teacher guidance
- ❖ Parents of the Academically Weak Students are called to the department and given suggestions for their improvement
- ❖ Prompt to ensure the excellence of the students by arranging periodical seminars on current technical development.
- ❖ Arranging periodical Entrepreneurship Development Programme to meet the socio economical demands
- ❖ Department devote extra time to slow learners by conducting Remedial classes
- ❖ Personal, Academic and Social counseling to students
- ❖ Department conducted many national and international conferences successfully.

### **Weakness**

- ❖ Number of Ph. D holders are less, however, most of the M. Tech. Qualified Faculty members are pursuing Ph. D Part time in different universities. Expecting a good no. of Ph. D within a couple years
- ❖ No scope of updating of syllabus usage as the Institute follows the syllabus prescribed by JNTU Kakinada.

### **Opportunity**

- ❖ Upgrading M. Tech. qualified faculty to Ph.D.
- ❖ Faculty Achievements
- ❖ Book Publication

- ❖ Faculty Motivation Programmes
- ❖ Promoting leadership qualities and entrepreneurial opportunities
- ❖ increase of high quality research publications

**Challenges**

- ❖ Frequent up gradation of Computer H/W and S/w in the commercial IT world
- ❖ Research infrastructure in the emerging areas
- ❖ Improving student's skills in interdisciplinary areas.
- ❖ Balancing administrative, academic and research work
- ❖ Students with rural background

**Future Plans of the Department**

- ❖ Formulating program in collaboration with industries, to educate the Students in accordance with their requirements.
- ❖ Expansion of departmental Research activities among teachers and students

Few students from the department are members of NSS cell who actively participate in Social activities such as

- 1. Swachha Bharat
- 2. Blood donation
- 3. Awareness campaign on AIDS
- 4. Environmental pollution
- 5. Clean and green

## 35. SWOC analysis of the department and Future plans

**Strengths:**

- ❖ The infrastructure provided for the departments is sufficient
- ❖ The department is furnished with well-equipped laboratories
- ❖ The faculty members are available as per AICTE norms
- ❖ Licensed software's are available as per the curriculum of affiliating university
- ❖ National and International journals are available in the library
- ❖ Good central library and Internet facility

**Weaknesses:**

- ❖ There is need for faculty members specialized in Water Resources Engineering and Environmental Engineering
- ❖ There is an immediate need for senior faculty members in the department.
- ❖ The communication skills of the students are weak since many of them are from rural background.
- ❖ As the college is located in a rural area and therefore it becomes difficult to attract senior and better qualified faculty members.

**Opportunities:**

- ❖ There are number of opportunities for civil engineering in public sector as well as private sector.
- ❖ Civil Engineering is also suitable for own practices like consultancy and contracts.
- ❖ The scope of PG and Ph. D in various specialization is developed and their applications are more relevant to the different types of interdisciplinary projects
- ❖ Opportunities are available for faculty development
- ❖ Opportunities are available all over the world because of tremendous development in infrastructure due to globalization

**Challenges:**

- ❖ To improve the soft skills among the students
- ❖ Attracting the qualified senior faculty
- ❖ Decrease in the quality of admitted students due to mushroom growth of Engineering colleges
- ❖ Attraction of recruiting companies to the college because of the location of the college is, in rural background.

35. SWOC analysis of the department and Future plans

**Strengths:**

- ❖ Faculty members are ratified by University.
- ❖ MCA students are achieving good results in academics every year.
- ❖ Innovative Teaching-Learning methods are adopted in the department.
- ❖ Faculty members are publishing their research papers in reputed Journals and in Conferences.
- ❖ Students are also encouraged to publish research papers in reputed Journals.
- ❖ Students are encouraged to participate in various competitions held at various colleges.
- ❖ Students are encouraged to participate in Group discussions and Seminars.
- ❖ Campus Recruitment Training classes are being conducted for the benefit of students.
- ❖ MCA students are placed in reputed companies through campus placements.

**Weakness:**

- ❖ Most of the students are from rural areas.
- ❖ Students are unable to grasp the subject immediately as they are having regional language - telugu medium background.

**Opportunities:**

- ❖ Students can be encouraged to develop mini projects (Android applications etc.).
- ❖ MCA students have many opportunities to secure better placements in IT field.
- ❖ Research center can be established to develop Research Projects.

**Challenges:**

- ❖ Most of the IT companies prefer B. Tech. students than MCA students.
- ❖ Imparting Technical knowledge of students having rural backdrop.
- ❖ Improving communication skills of students having telugu medium back ground.

Sub: Accreditation status of programmes applied by St. Ann's College of Engineering & Technology, Prakasam District, Andhra Pradesh.

Dear Sir/Madam,

This is with reference to application dated 22-09-2012 from St. Ann's College of Engineering & Technology, Prakasam District, Andhra Pradesh seeking NBA accreditation to various UG Programmes.

2. An Expert Team conducted an on-site evaluation of the programmes on 21<sup>st</sup> to 23<sup>rd</sup> June, 2013. The report submitted by the Expert Team was considered by the Engineering Accreditation Evaluation Committee (EAEC) at its meeting held on 31-10-2013. The Sub-Committee of Academic Advisory Committee on Engineering considered the recommendations of EAEC at its meeting held on 06-11-2013. The Executive Committee of the National Board of Accreditation considered the recommendations of the Sub-Committee of Academic Advisory Committee on Engineering at its meeting held on 08-11-2013. The Executive Committee approved the accreditation status of the programmes as given in the table below.

Sl. No.	Name of the Programmes (UG)	Accreditation Status	Period of validity w.e.f. 08-11-2013	Remarks
(1)	(2)	(3)	(4)	(5)
1.	B. Tech. Electrical & Electronics Engineering	Provisionally Accredited	2 Years	Accreditation Status granted is valid till the programme has the approval of the Competent Authority or the period given in Col. '4', whichever is earlier.
2.	B. Tech. Mechanical Engineering	Provisionally Accredited	2 Years	

3. The accreditation status awarded to the programmes as indicated in the above table does not imply that the accreditation has been granted to St. Ann's College of Engineering & Technology, Prakasam District, Andhra Pradesh as a whole. As such the Institution should nowhere alongwith its name including on its letter head etc., write that it is accredited by NBA because it is programme accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. The complete name of the programme(s) accredited, level of programmes (UG or PG as the case may be) and the period of validity of accreditation, as well as the date from which the accreditation is effective, should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

4. The accreditation status of the above programmes is subject to change on periodic review, if needed, by the NBA. It is desired that the relevant information in respect of accredited programmes as indicated in the Table in paragraph 2 above, appears on the website and information bulletin of your Institution.

 Contd./...

-2-

5. The accreditation status awarded to the programmes as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

6. Copies of the Comprehensive Report submitted by the Chairman of the Expert Team alongwith the detailed reports submitted by the Expert Team for the programmes evaluated which visited your Institution are enclosed for reference and to take necessary action to improve upon the shortcomings, if any, pointed out by the Expert Team.

7. If the Institution is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)  
Member Secretary

Note: Under Para 3.4.4 of Chapter 3 of the Manual of Accreditation, 2013, it is provided that the application for accreditation received in an academic year will be considered in next academic year. Therefore, the Institute may apply if it so desires, in the academic year 2014-15 for full accreditation of the provisionally accredited programme (s) in order to have continuation of accreditation.
